HOW TO PREPARE PRINTFILES

FILE FORMAT
Please submit your files in JPG, PNG ir PSD format.

FONTS
All fonts in the print files should be converted to outlines so you don't have to send over the font files.

COLOR
All colors should be in RGB.

PLACEMENT
Exact placement is not possible. Our T-shirts are cut and sewn and are best when designed with patterns and full bleed images. Text placement will not be precise. Making a seamless image in the front or back is impossible.
