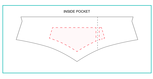
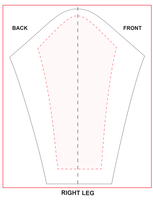
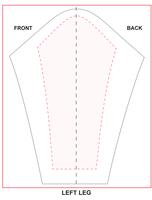
PLACEMENT

Exact placement is **not possible**. Making a seamless image that goes from front to back is not possible. We cannot guarantee exact graphic and text placement nor alignment on seams.

Print files

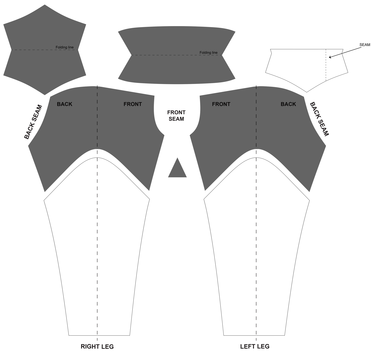






Pattern

The details that appear gray in this pattern will always be sewn from black fabric that you can't print on.



Custom logo

You need to create a separate print file for your custom performance leggings logo and submit it along with your performance leggings print files. The custom logo template is found in the downloadable performance leggings print file folder.

Instructions on how to prepare a printfile

Ai

1. **CREATE** 2 new documents sized to **Width: 22" x Height: 27"** and **Width: 22" x Height: 10"**
   - Make sure Raster effects are set to **150dpi** or higher
   - Make sure the color space is set to **sRGB**
2. **PLACE** raster grahics or create / copy & paste vector graphics within maximum graphic size area.
   Pay attention to graphics resolution (see requirements above)

3. **EMBED** raster graphics

4. **EXPORT**
   1. Choose "File" - "Export"
   2. Rename your file
   3. Choose either **.png** or **.jpeg** as the file format
   4. Click the **"Use Artboards"** checkbox
   5. Click "Export"
   6. Make sure your **resolution is 150dpi** or higher
   7. Make sure the color space is set to **sRGB**
   8. Click **"OK"** to save file

Ps

1. **OPEN** The Printful templates for this product or **CREATE** new documents
2. Create or copy / paste graphics within maximum graphic size area.
   Pay attention to graphics resolution
3. **SAVE**
   1. Turn off the guides by using the eye icon tool
   2. Choose File - Save As and Rename your file
   3. Save as .jpeg
